

AKSHARAMUTTAM PALLIKOODAM

SCHOOL ANNUAL REPORT

2025/26

Introduction

With great pleasure that we present before you the 11th Annual Report of Aksharamuttam Pallikoodam. As we celebrate this milestone, it is our humble request that everyone connected to the Aksharamuttam family goes through the annals of this report to reflect on our beautiful journey.

Our institution has successfully progressed with discipline and grace. We instill in our children the belief that love is our core language, and education is a joyful blend of play and smiles. Education is not just about learning to read and write, but, as Mahatma Gandhi said, it is about gaining the strength to face challenges. Furthermore, we are guided by Dr. A.P.J. Abdul Kalam's profound words: "Dream is not what you see in sleep, it is the thing which doesn't let you sleep".

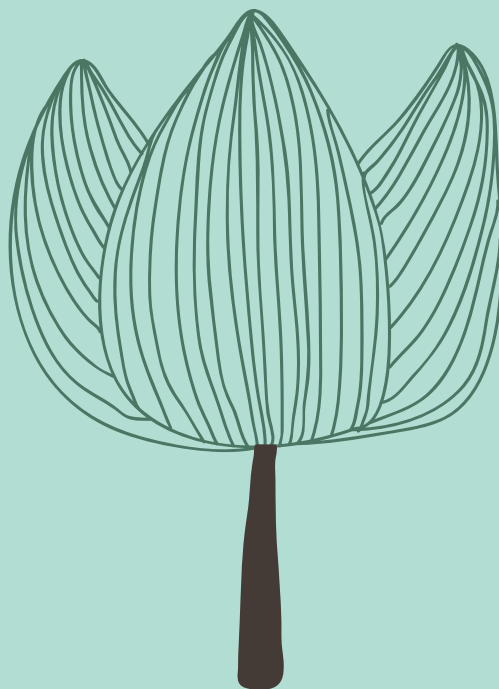

Academic Approach & Management

*A*s we step into our 11th year, our primary goal remains to discover the springs of knowledge within every child rather than just being an educational institution.

Pedagogy: Our journey of knowledge creation begins from writing on the sand (Mannezhuthu) and moves from the fingertips straight to the brain. We strictly adhere to the NCERT syllabus leading to ICSE examination conducted by the council for the ISC examination New Delhi.

Language Proficiency: While giving utmost importance to our mother tongue, we ensure students can effortlessly handle the English language. To support this, online and offline classes, as well as a dedicated English Language Lab, were established under the leadership of our Principal.

Management & Leadership: The school operates on the principle of "learning by doing". To evaluate and improve our systems, our management committee meets regularly on Mondays, Wednesdays, and Fridays. These meetings are consistently attended by our key leadership: School Director Rev. Fr. Thomas P. Mukalil, Principal Mrs. Sonu Merlin Varghese, Senior Principal T Kuriakose

Conclusion & Gratitude

In today's world, where human values are often fading, Aksharamuttam conducts continuous moral training to ensure our students step into society as well-grounded individuals. We are blessed with a dedicated management team and teachers who work with a full heart to guide these children to the pinnacle of excellence. Standing firmly by our side through all our endeavors are our dear students and their supportive parents. As Swami Vivekananda rightly said, no force in the universe can defeat the power of purity, patience, and perseverance. Remembering these words, we guarantee that the children leaving the gates of Aksharamuttam will always be virtuous and capable of holding high positions in society. We submit this report with deep humility, expressing our heartfelt gratitude to the Almighty and all the well-wishers of Aksharamuttam. May God empower us to ignite the minds of the kids entrusted to us so that they could be able to come out with flying colors in the years to come. Thank you.
